

WHAT ARE YOUR NEEDS?

After discussing your needs, we will customize a workshop including the structure and content which will serve your specific current goals.

From practicing English, to introducing new working methods or business values, trust and playfulness are key tools for your healthy development

WHEN IS IT GOOD?

If you are in the process of innovating new ideas or values in the business

If you are dealing with controversies or conflicts

If you have new goals, methods or structures to infuse your team with

WHAT DO WE OFFER?

- Applying different theatrical and improvisational techniques to access your new ideas and values.
- Simulated scenes to tackle new or problematic topics you might encounter
- Written sketches that evolve around your specific goals and themes
- Discussion groups
- Experiences which transform thoughts and ideas into a practical working process.
